Interview Summary Attachment

Continuation of Substance of Interview including description of the general nature of what

was discussed: Dr. Seidman was notified that a sequence letter is forthcoming concerning sequences in Figures 3a-3b (i.e. it is not clear if these sequences are present in the 735 sequences of the sequence listing & no SEQ ID NOS are present). Dr. Seidman was also notified that the executed oath filed 3/14/2002 is not present in electronic IFW file. The examiner notified Dr. Seidman that he is attempting to locate the original copy of the executed oath filed on 3/14/2002 so that it could be scanned into the file. In addition, the Examiner requested a supplemental copy of the executed oath filed 3/14/2002 be sent to the Office so that it could be scanned in to the electronic file in the event the original document cannot be located and so that prosecution can begin as soon as the sequence compliance issues are dealt with by applicant.
